

Chilliwack Pickleball Club
Meeting
The Park at the Landing
Oct 2nd, 2020

Attendance: Lyle Simpson, Gerry Rostek, Carol Hart, Raymond Hart & Cathie Sessions.

Meeting called by Lyle Simpson to discuss problems with membership renewal procedures.

1. It was decided that we are not going to restrict any members who are delinquent in paying their membership dues from accessing the webpage or sign-up calendar. We will re-visit this matter at the end of Oct.
2. It was decided that Skills & Drills be opened up to 20 players.
3. It was decided that Skills & Drills should only be accessed one week in advance to stop people block booking. Carol will delete future dates off the calendar.
4. It was decided that Skills & Drills, ladders and Round Robins be considered Special Events. Members can sign up for special events even if they have played the day before or are playing the day after.
5. It was decided that the sign-up calendar be put up one week in advance.
6. It was decided that the membership numbers would not be capped at this time but we will keep our eye on it from day to day. If play gets extremely busy and members are having trouble booking playing time then we will look at booking more space or capping numbers.
7. Carol is going to put forth a set procedure for both signing up new members and for renewing membership so that it is clear and concise for all involved.

At the present there does not seem to be any clear procedure in place and that is causing confusion for both the board and the members.

8. It was decided that it would be a good idea for Rudy to give Lyle, Gerry, Carol & Darci a training session on the workings of the website.
9. It was decided that Gerry would give the ladies at the sign-in desk and a few board members a quick tutorial on the computer Fob system.
10. It was decided that we add to the agenda for our next board meeting to consider giving Ryan some sort of remuneration for setting up the computer system and network.
